# United Kingdom

# Jurassic Coast

## East Devon To Dorset

Quiet country lanes, thatched cottages and regular sea views are just a few of the attractions when riding a bike on the Isle of Purbeck.

Famed for its geographical wonders including Lulworth Cove and Durdle door, the Jurassic coast provides an excellent playground for cyclists. The local loop circling Corfe castle makes for some great late afternoon views as the light dips and shadows lengthen. The sounds of grazing cattle and crashing waves are a great backdrop with which to unwind at the start of a long weekend.

Heading north and swooping through Studland bay for a short ferry ride across Poole Harbour is a great start to a ride, before we head up towards Blandford forum. The varied terrain and cyclist friendly roads make for a good test of the legs.

Heading west from our base in Swanage are some stinging hills which take you up and over the Lulworth Ranges to Lulworth Cove, just be sure to check training times so you don't get caught in Tank fire! Beyond there we head to Weymouth for lunch by the beach before hopefully catching a tailwind for the journey home.

Off the bike we have a whole range of options available both in the sea and on land. For those who like their history the beautiful National trust castle at Corfe is well worth a visit. For sea lovers we have a whole host of options available delivered with our partners at Land and Wave. Our team at Sporta bike + also includes water sports experts to help any level of adventurer.

After a day of active living there are plenty of opportunities to sip a refreshing glass of your preferred beverage whilst watching the world go by in Swanage bay. All our accommodation has various eating options nearby and we do have a minibus on site which can act as a taxi service for those who wish to go farther.

Please note that all the info provided is indicative, so please get in touch if you have any queries or would like a similar yet different UK adventure experience.

# Tarka Trail

## North Devon

We love the north Devon area - beautiful sandy beaches, picturesque villages and some of the most varied cycling terrain in the country. For the road cycling enthusiast - bring your climbing legs!! Whether it is the bleak splendour of Exmoor on the stem chewing inclines of Challacombe Hill and Lynmouth Hill - the region presents a beautiful challenge and one that will have both physical and mental benefits!!

For those who are newer to cycling or prefer a flatter route, The tarka trail provides 30 miles of flat and traffic free cycling from Braunton to Torrington.

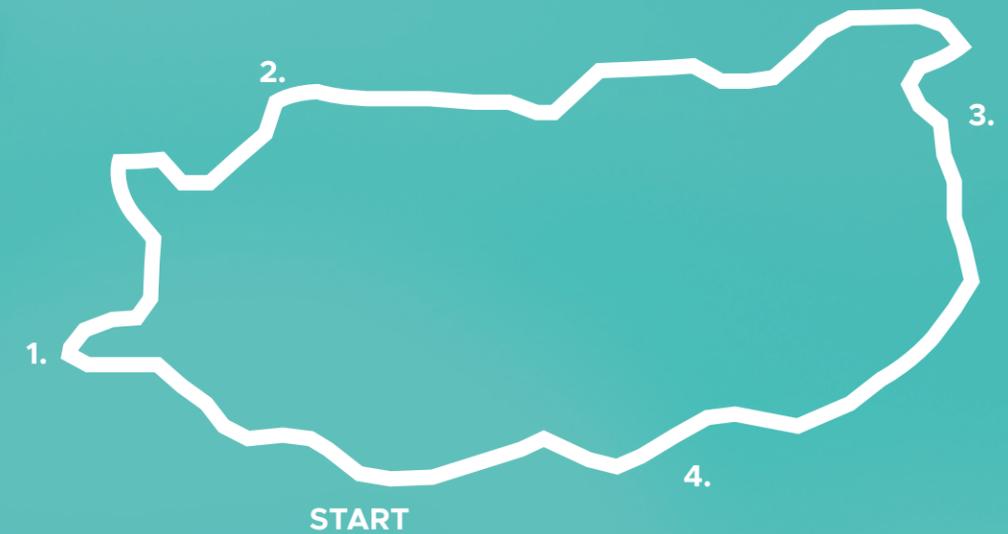

Away from 2 wheels, the water and beach are calling!! The area is well renowned for its waves. Beginners may prefer the Saunton Sands and its vast open spaces and friendly waves (Plus a great cafe), those more experienced surfers may prefer the bigger waves of Croyde bay where big wave surfer Andrew Cotty learned his trade.

Once the legs become heavy or the finger tips shrivelled, the area has a plethora of food and drink options from The Thatch in Croyde bay to the Red Barn at Woolacombe we will guide you to the best places to eat, drink and share memories at the end of the day.

All our accommodation has various eating options nearby and we do have a minibus on site which can act as a taxi service for those who wish to go farther.

Please note that all the info provided is indicative, so please get in touch if you have any queries or would like a similar yet different UK adventure experience.
